Thank you letters

You will write two thank you letters (at least one page in length) to two people (friends, family, teachers, church members, acquaintances, heroes, etc.) who have been important to you. These people should be different from the person you wrote about in your Family Tree Article. Think about someone who has been there for you and has had a major impact on your life.

In your letter you need to:
- explain how you know this person
- describe at least 2 specific memories about this person
- mention how this person has affected you
- express your gratitude for this person
